Students only have to be on campus when they have an exam. Students are not permitted to leave campus unless they are done for the day. If a student is on campus during an exam but does not have an exam, the student must report to the Learning Commons. Students will not be allowed to wander around campus or be in any classroom building between 7:45 and 11:00 (12:45 on Monday) unless they are taking an exam or are in the Learning Commons or it is during the 15 minute break between exams.

Exams are 90 minutes long. All students must remain in the exam room for the entire 90 minutes. No one will be allowed to go to their locker or to the restroom while exams are being given. Students must be in uniform for exams.

It is important to be on time for all exam. If you are tardy, you will forfeit the time on that exam.

Students should not be absent on an exam day unless they are seriously ill or an absence has been pre-approved by the administration. All medical excuses during exams must have a doctor's note dated for that day. Parents must call the school the morning of the exam to report the absence (preferably before 7:45).
